Right here Right now

1996 will be remembered as the year of the Great Flood, when many people in the Nehalem Valley lost their homes and belongings and livestock. But Jewell School will also remember that in 1996 we had the first students achieve a certificate of initial mastery. Our Boys Basketball team went to District. We sent three students to All Star games, Garth won the State Championship in the 400 meter, and we are pleased to see that last years graduating class produced the highest percentage ever to continue through education. Jewell School continues to grow and improve.
